INTRO: [C]/// [F]/// [C]/// [G]///

I will [C] come to you at night [F] time
I will [C] raise you from your [G] sleep
I will [C] kiss you in four [F] places
As I go [C] running along your [G] street
I will [C] squeeze the life out of [F] you
You will [C] make me laugh and make me [G] cry
And we [C] will never forget [F] it
You will [C] make me call your name
And I'll [F] shout it from to the blue summer [Gsus4] sky [G]

CHORUS

And we may [C] never meet [F] again
So [C] shed your skin, let's get star[G]ted
And you will [C] thr[F]ow your arms around [Gsus4] me [G]
And you will [C] thr[F]ow your arms around [Gsus4] me [G]

I [C] dreamed of you at night [F] time
And I [C] watched you in your [G] sleep
I [C] met you in high [F] places
I touched your [C] head and touched your [G] feet
So if you [C] disappear out of [F] view
You know [C] I will never say good[G]bye
And though I [C] try to forget [F] it
You will [C] make me call your name
And I'll [F] shout it to the blue summer [Gsus4] sky [G]

CHORUS
